

Techno Win IT Infra Services Private Ltd (TECHNOWIN) was set up in 2003 as a partnership firm. TECHNOWIN has two offices in the Western Suburbs; Head Office located at Goregaon and the branch office with Software Division at Malad. Address in **Annexure 1**.

TECHNOWIN caters to services like

- Data processing and digitization
- Hardware supply and maintenance
- Networking equipment supply, setup and maintenance
- End to end Infrastructure, service and operations management for recruitment, election etc. for some large public sector organizations
- Software development, implementation, support and maintenance

TECHNOWIN has created an employee base of 400 employees and has recorded a turnover of 6 CR. Major Projects have been detailed in **Annexure 2**.

TECHNOWIN's clientele has been the elite Organizations in the public and private sector like

- Central Railways
- Western Railways
- Central Railway Employees co-op Credit Bank
- Shipping Corporation of India
- BEST - Transport
- Municipal Corporation of Greater Mumbai
- Municipal Employees Co-op Bank
- Service Tax department
- Maharashtra Housing and Development Authority
- Film city

TECHNOWIN is also an empanelled vendor for Data Management, Hardware & Networking with

- Municipal Corporation of Greater Mumbai
- Shipping Corporation of India
- BEST - Transport
- Stock Holding Corporation of India Ltd.

The software division of TECHNOWIN has developed and implemented software like Call and ticket logging system, HR and Payroll management system, Company Website, Document Management System. As a part of a recruitment project for MCGM, TECHNOWIN had developed a software module for candidate data collection and reporting. **Currently TECHNOWIN is developing software for CIDCO which has complex data entry screens for various construction types, a QC workflow, MIS reports and excel file generation for upload into SAP. Data entry would be done for 200000 files over the period of 2 years in CIDCO premises. There would be 100+ operators with around 100+ Desktops provided by TECHNOWIN.**

We have also developed a customized Document Management System with self designed data entry screens and report builder, Snippet tool based on the start and end pattern and a Website prototype for Bharat Bank which is in the review stage.

For Maharashtra Nursing Council, we have developed a prototype for separating out their already scanned documents based on the form names.

TECHNOWIN has partnered with some specific domain based software companies to provide complete solutions for certain specific sectors. There is productized software for the Shipping, HR, Admin, Health care, Education, Finance and Banking and Real estate domains/ industries. There are skilled professionals for the life cycle management of these products and services thereafter.

TECHNOWIN is also in the business of IT consultancy, with Ms. Anjali Narvekar as a Senior Consultant. Anjali has an educational background of B.E. in computer science, M. tech in software engineering, PMP and ITIL certified and 23 of years of IT experience in Software companies like **Patni, Toyo Engineering India Ltd, 3i-infotech, Keystone solutions limited, last 10 years in Tata Consultancy services Ltd.**
